### Packing

TT-117 Shamp-Wax - can 5L	200650118
TT-117 Shamp-Wax - bottle 500ml	200605118

### Product

#### Characteristics

- The almost foam-free formulation has strong cleansing properties for the most frequent natural contaminants.
- Due to the high wax content, natural Carnauba wax conditioner, it gives a totally different feeling when washing and forms a protective and glossy top layer after drying.
- Thanks to this protective layer, the treated surface remains dirt-repellent for a long time.
- Shamp-Wax is biodegradable.

#### Applications

- For washing and preparing for showroom exhibition of: cars, trucks, motorcycles, boats, caravans, bicycles, ...
- Excellent for use on lacquered surfaces, varnish, polyester, rubber, chromium, inox, ...

### Use

- Apply water abundantly for removing sand and loose dirt.
  - Pour 60 to 80 ml in a bucket of lukewarm water and brush.
  - Rinse with pure water and dry with chamois leather.
  - For an extra high gloss polish with a dry, lint-free cloth.
- Biodegradable according to EN 648/2004.
